CurrencyShares are subject to risks similar to those of stocks and may not be suitable for all investors. Investors should consider the investment objectives, risks, charges and expenses of these products carefully before investing. The prospectus pertaining to each product contains this and other information about the product. Please read the applicable prospectus, including the Risk Factors section, carefully before you invest. Shares can be bought and sold through a broker and the selling shareholder may have to pay brokerage commissions in connection with the sale. Investment returns and principal value will fluctuate so that when shares are redeemed, they may be worth more or less than original cost. Shares may only be redeemed directly from the Trust by Authorized Participants via baskets (as defined in the prospectus). There can be no assurance that an active trading market for the shares will develop or be maintained. The value of the shares relates directly to the value of the currency held by the Trust. For a more complete discussion of risk factors applicable to the Trust, read the prospectus carefully.
